

To whom it may concern:

I am a parent of child that attends St Paul School in Kensington, Ct. Both my kids attended this school. My daughter graduated in 2007 and my son will graduate in 2015. A Catholic school education is by far the best, but I live in Hartford, Ct and haven driving them there since 1999. I would like to see more help for people in my situation. I would like bus transportation to the schools so single and married parents can go to work and not have to worry how to get my child in a great school system, like Catholic schools. Once my son graduates, he will be going to a Catholic High School.

So this is so short, but I work two jobs.

Sincerely
